

Technology On Tap

“6YS simplified our lives and enabled us to get on with our business. We have been delighted by the service from 6YS and the integrity of its team. They understand our profession and our applications.”

Templeton Smith Lawyers & Consultants

6YS believes in delivering an outstanding IT service to small and medium sized businesses. We don't pretend to be everything to everyone. We concentrate our efforts on offering something special to Professional Services businesses – in the finance, legal, health and other corporate sectors. Because we know your market, we can offer you exceptional service. We become your trusted IT partner.

Our expertise lies in delivering solutions and services that have real benefits for your business.

- **Mobilising your workforce**
- **IT security and risk management**
- **Back-up and disaster recovery planning**
- **Remote monitoring and support - 24 x 7**
- **Software licence management and procurement**
- **Transforming IT into a utility – reliable, dependable and predictable**

We assist in reviewing your technology and business needs, then find appropriate business solutions that fit the business strategy through an improved use of technology. Our aim is always to reduce your costs and risks associated with IT.

In addition, 6YS is one of the leading providers of applications on tap from our secure data centre in Brisbane. Our increasingly popular AppsPoint service has been developed to give you access to your applications as and where you need them.

We listen to you

6YS translates your business needs seamlessly into IT deliverables. We are flexible and pride ourselves on our ongoing two-way communication with clients.

We support you

We have the knowledge, resources and skills to offer clear and practical advice and also to work with our clients to facilitate the effective implementation of our recommendations.

We help manage your risks

At 6YS, we understand the regulatory demands placed on business and build risk management solutions into our business processes and IT services. Ultimately we enable you to focus on your business while we focus on your IT.

“One of the key factors in our decision to use 6YS was our requirement for an IT company that was interested in our needs, and in providing reliable and effective solutions for us. We have found 6YS to be easy to deal with, and a very helpful IT partner. We have no hesitation in recommending them.”

We have a proven track record

6YS has developed a reputation for our professionalism, integrity and reliability with a growing list of customers. Our team of highly trained professionals can help you make the right choices for your business needs. We partner with the best – we work alongside the likes of Microsoft, Citrix, HP and Cisco to deliver against your expectations.

We understand your business needs

6YS specialises in providing services to Professional Services organisations. We know and understand the applications specific to your business. That puts us in the best position to provide you with a suitable IT platform to successfully run your business. We work with you to tailor a service to fit your needs, then, effectively implement the service without disrupting your business.

You can rely on us for the long term

6YS is proud of the strong partnerships we have fostered with our many customers. Building long term relationships is just as important to us as delivering an enterprise-class service. Our business is just like any other successful operation – customers matter. When you outsource your IT, you can depend on us to be there when you need us, for as long as you need us. We expect that to be a very long time.

6YS offers no nonsense advice to small and medium sized companies. When you come to 6YS you can expect a range of benefits.

- **Reduced IT costs**
- **Improved IT effectiveness**
- **IT transformed into a utility**
- **Improved risk management**
